SCHOONER ANGELL ARRIVES HERE

Boarded by Custom House Officials Who Search Vessel.

CAPTAIN'S STATEMENT

Declares That There is Nothing on Boat But Cargo of Plaster and Ship Stores.

When the three-mast schooner, Emma F. Angell, from Cheverie, Nova Scotia, docked at the wharf of the Alexandria Fertilizer and Chemical Company at nine o'clock this morning, she was boarded by eight representatives of the United States custom house, who, dressed in the natty blue uniforms of the service, swarmed over the sides of the vessel and commenced a minute examination of the boat and its cargo.

Just what the custom house officials were searching for was not stated by them but for some days past reports have been in circulation that the Angell is one of the vessels coming down the Atlantic coast loaded with plaster but suspected of having smuggled goods on board ranging in value from $1,000 to $10,000. Immense quantities of Parisian gowns, furs and jewels are said to figure in the merchandise.

For some time the custom authorities from Maine to the Gulf have been seeking vessels carrying dutiable objects and a few days ago he schooner Woodward Abrahmas enroute from Cheverie to Philadelphia was taken in charge at Delaware Breakwater by the custom house officials and conveyed to Philedalphia where a thorough searchwas made of its cargo.

Ten days ago John A. Corwin, customs agent for the District of Baltimore, which includes all of Maryland, the District of Columbia and Alexandria, arrived in this city and took up his quarters at the Hotel Rammel. He stated that his object in coming here was to instruct George T. Caton, the newly appointed deputy collector of this port, in his duties. It now appears that Mr. Corwin's principal duty was to keep a watch out for persons who were suspected of being interested in the arrival of the suspected vessel in this port.

Yesterday when it was reported that the Angell had passed the Virginia Capes enroute to this city four inspectors of the Baltimore custom-house arrived here and had a conference with Mr. Corwin. They were William H. Myers, S. L. Englar, James J. Farrell and C. A. Thalheimer. This morning they were joined by George W. Nowland, formerly deputy collector of this port and now connected with the Georgetown custom-house and E. L. Crum, of Baltimore, who has been stationed at Cape Henry waiting for the arrival of the Angell.

The officials were on hand pacing up and down the river front until a late hour last night watching for the arrival of the schooner but she did not reach this port until after midnight. This morning she was anchored off the Prince street wharf, having been brought up the river in tow of the tug M. Mitchell Davis. She was first boarded by Dr. Arthur Snowden, of this city the marine hospital surgeon, of this port, and who remained on her until she had docked at the foot of Princess street. Dr. Snowden gave the vessel and her crew a clean bill of health.

As soon as the vessel had docked the custom house officials went aboard and stationed themselves in different parts of the boat while others guarded the dock. The entire crew including the grizzled Chinese cook, were called and taken to the cabin where they were put through a rigid inspection by the treasury officials.

The inspection required nearly an hour and at its conclusion a number of the officials left the boat leaving five men in charge.

George T. Caton deputy collector of Alexandria, said that nothing had developed in the investigation and that only the routine inspection had been made. The manifests had been examined and the only cargo declared was one thousand tons of plaster rock which is used in the manufacture of fertilizer. He said that as soon as the duties on this rock and port fees had been paid at the custom house he would permit the boat to commence the unloading of its cargo. Ordinarily this will require two or three days time.

The stationing of the inspectors on the boat gives rise to the belief that they will remain there until the last pound of plaster is taken out and every crevice, where a rat might hide, explored.

After the custom house men had completed the preliminary examination, W. G. Kneeland, captain of the vessel proceeded to the office of the Alexandria Fertilier and Chemical Company, and then to the custom house to pay the duties on the plaster.

In an interview with the Gazette representative he denied that there was anything duitable on board his vessel and could not imagine how the custom house officials could have secured such an idea.

"There is nothing aboard the Angell," he said, "except its cargo of plaster and the ship stores. We have a few Novia Scotia apples which were placed on board for eating and cooking purposes, but nothing else."

"We left Cheverie on the morning of October 4th, and have encountered rough weather all the way down the coast. So severe did it become that we were compelled to enter Vineyard Haven, Mass., where we remained nine days. I visited the custom house at that point and paid the regular port dues but did not have anything duitable to declare. We passed through the Virginia capes on Tuesday at four o'clock but found the weather conditions against us on the trip up the river.

Captain Kneeland is a mild looking man of about sixty years old and looks more like a successful business man than a captain who has followed the sea all his life. He was frank and convincing in his statements that he knew nothing of the trouble which was raised by the arrival of his vessel. He has not visited the port of Alexandria since he was a boy.

VIRGINIA MILITIA.

Could be Placed in The Field Within Three Days.

Richmond, Va., Oct. 30.—"Within three days Virginia can place her entire military force in the field, fully equipped, including hospital stores. The Virginia militia was never in better condition and never better equipped."

Governor Mann made that statement yesterday when shown a dispatch regarding reported orders to commanding officers of the national militia. He declined to say whether he had received any communication from the war department.

"Some time ago," said Adjutant General Sale, when seen subsequently, "I received instructions to select a possible site for mobilization of Virginia troops, and I have proceeded under the instruction. I have so arranged that a camp site for the entire body of Virginia soldiers can be provided on twenty-four hours' notice.

"If there shall come at any time the necessity for the mobilization of Virginia troops they will be mobilized promptly. The camp will be in or near Richmond."

General Sale declined to discuss communications which he may have received in the last day or two, but his manner led to the belief that he would not be surprised to receive orders for the mobilization of Virginia troops.

MRS. EATON IS NOT GUILTY

Admiral's Widow Won Freedom by Clear Recital on Stand.

JURY IS OUT 8 HOURS.

Spend Most of the Night in Weighing The Evidence Produced by The Prosecution.

Plymouth, Mass., Oct. 30.—The record of Mrs. Jennie May Eaton, as wife, mother, and daughter, as told by herself during three days of grueling examinaton on the witness stand freed her of the charge of having murdered her husband, Rear Admiral Joseph G Eaton.

The jury had been out nearly eight hours when shortly after 5 oclock Judge Aiken was called from his hotel to hear the verdict. Mrs. Eaton was brought into the court room by her two attorneys and before the foreman reported Judge Aiken warned the people in the court room against demonstrations.

The all night session in the jury room had led to a rumor of a disagreement. When the verdict of "not guilty" was reported the spectators rose to their feet and were restrained only by sharp order from Sheriff Porter. Mrs. Eaton gripped the arms of Attorneys Morse and Grogan and sank into a chair, but was up at once anxious to go to her home.

Failing conviction, the prosecution hoped to prove Mrs. Eaton insane. On the stand she was clear-headed, calm, and convincing. She developed the story of her life as a life of service to her husband and her daughters, and withstood all attempts by the prosecution to involver her in contradictions.

The defense proved the admiral to be a drug user, and his wife explained that she hurried home on hearing her daughter's story because she knew the admiral must be under the influence of drugs and needed "protection." Her story was convincing.

The sympathies of the spectators, who had heard her described as everything that was vicious, swung to the accused woman. The five physicans whom the prosecution placed in the court room to observe the prisoner for signs of insanity failed to notice any.

GLASS TO MAKE ADDRESS.

Patron ofCurrency Bill to "Pay Respects" to Virginia.

Washington, Oct. 30.—Representative Carter Glass,of Lynchburg, chairman of the House Committee on Banking and Currency, will "pay his respects to the Virginia bankers" in a speech to be delivered in Richmond within the next two weeks. Mr. Glass stated that he intended to accept the invitation of the Richmond Business Men's Club to make an address on the pending currency legislation.

At that time he will reply to the criticisms of the Glass-Owen bill, which were laid before the Virginia senators a week ago by a committee of Virginia bankers, headed by Caldwell Hardy, of Norfolk.

Mr. Glass has returned from New Jersey, where he made an address before 2,000 people in defense of the currency bill. He was asked by Secretary Tumulty to return to New Jersey for another address.

No date has yet been set for the speech by Congressman Glass here.

KILLS BABBOON WITH FIST.

One Punch Lays Out Big Simian, Presence of Which in Banana Cargo is Mystery.

Chicago, Oct. 30.—A gray baboon, minus its squeals, and with glass eyes replacing natural green ones, will soon adorn the den of Jerome Lino, a commission man. The animal was killed by a blow of Lino's fist in a freight car at the Illinois Central yards when it attacked him as he entered.

How the animal got into the car, which was loaded with bananas, is a puzzle. It may have hopped in while the car was being loaded in New Orleans.

STOPPED BY HIGHWAYMEN.

Would-be Robbers Stop John Duncan Near Poor's House.

About a quarter past seven o'clock last night while John Duncan was on his way to this city from his home in Alexandria county, he was stopped by three negroes while he was on the bridge over the railway tracks at Potomac yards.

One of the trio rushed out and seized the bridal of his horse. Mr. Duncan, pointing a pistol into the face of the footpad, said, "Hello, what's the matter?" The negro almost as quickly replied "Nothing, boss, show us the way to Alexandria." Mr. Duncan, without giving the desired information, whipped up his horse and proceeded to Alexandria.

DR. JOHNSON'S LECTURE.

"The Mother State and Her Weaker Children" to be The Theme.

Dr. Alexander Johnson, whose long and varied experience, coupled with his knowledge and general information touching charitable and correcton matters most eminently fit him to lecture on "The Mother State and Her Weaker Children". The lecture which he will give tonight at the Young Peoples Building will be illustrated, and will be free. Dr. Johnson, who is head of the Department of Extension of the Training School at Vineland, N. J., comes as the guest of the Board of the Anti-Tuberculosis Society. The members of the Board extend a most cordial invitation to the public to attend the lecture which will doubtless prove one of the most forceful and interesting ever delivered in Alexandria.

PLAN OF DEFENSE.

Commonwealth's Attorneys Meet in Richmond Today.

Richmond, Oct. 30.—A meeting of the Commonwealth attorneys of the various counties of the State to perfect plans for protecting the interests of the counties in the pending effort to attack the validity of the rolling stock bill was held today at the offices of Haskins Hobson, Commonwealth Attorney of Chesterfield county, in Richmond.

The city of Petersburg recently filed with the State Corporation Commission a petition in regard to the method of taxation of rolling stock, the proceeding being had with a view of determining the valicity of an act of the General Assembly of 1912, directing the apportionment of this tax between the counties and cities through which the railroad runs. Heretofore the tax has been assessed at the city in which the principal offices of the railroad company was located. Petersburg claimed the principal offices in this State of the Atlantic Coast Line and Seaboard Air Line, and in its petition those two railroads and the various counties and cities through which they operate and which hope to receive hereafter a portion of the rolling stock tax were made defendants. The test case, however, affects all counties in the State through which railroads operate. The object of the conference of Comonwealth attorneys is to outline a joint plan of defense and to select counsel to represent the various counties affected before the Corporation Commission when the case comes to a hearing. In the cases pending the defendants were required to file their answer to the bill on or before November 5.

WORKMAN BLOWN TO BITS.

Premature Explosion Tears Tree Planter Into Thousand Pieces.

Philadelphia, Pa., Oct. 30.—By a premature explosion of dynamite yesterday, an Italian laborer known only as 116, was blown into a thousand fragments. It was necessary to shovel his remains into a basket. The accident occurred on the northeast boulevard, near Dark Run lane, where the victim, with several other workmen, was planting trees.

So terrific was the force of the explosion that it destroyed all evidence of the cause of the accident. It is thought, however, that the man sacrificed his life by yielding to a desire to smoke.

TO BE APPOINTED BY COLLECTORS

Thousands of Applications For Positions Will be Returned.

INCOME COLLECTORS.

Applicants Had Previously Been Advised to Send Requests for Places to Washington.

Richmond, Va., Oct. 30.—A large number of the thousand or more applications made to the internal revenue bureau for positions as collectors of the income tax will be sent to Collector M. K. Lowry, who will be asked by Commissioner Osborne at Washington to make the appointments of the income tax collecters to be assigned to the Eastern district of Virginia.

The appointments made by Mr. Lowry, or rather recommendations that the men be named to the position, are to be sent to Mr. Osborne for confirmation.

Commissioner W. H. Osborne yesterday made a ruling to this effect. It will probably be received by Collector Lowry today. When Mr. Lowry was informed of the ruling he was forced to smile for, as he said, he had been referring all applicants for income tax collectorshps to Commissioner Osborne.

That he will have to make the selection caused him to begin to wonder whether or not he would have to employ a number of deputies to go with him over the applications.

First news from Washington of the ruling of Commissioner Osborne was that under the wording of the Overman resolution recently passed, taking deputy collectors and marshals out of the civil service, the men to collect the income tax for Virginia must be appointed by internal revenue collectors for the Eastern and Western districts and not by Commissioner Osborne, although they must be sent to him for confirmation.

The ruling sent to internal revenue collectors by Mr. Osborne is direct by President Wilson, and endorsed by Secretary of the Treasury McAdoo.

HAD A GOOD DINNER.

Secretary of State Bryan Knocks off $150.

Virginia hospitality has generally been regarded as priceless, but Secretary of State Bryan has put a value on it.

A very generous value it was. He estimates the value of a dinner in that State at $150, and he saw to it tha this hosts,whose guests he recently was, that he might deliver an address at a county fair, got the value.

Mr. Bryan was invited to make a speech at the fair. The Secretary accepted and later informed those who invited him that he was generally paid for making speeches and that the price was $500. There's nothing yellow within at least twenty miles of the place where the fair was held, so the $500 was provided.

The Secretary went there, made his speech and ate dinner—a big, luscious dinner, made up of the best things that the best cooks in the county could get together. The impression made by the Secretary and the dinner, was mutual. Mr. Bryan remembered that fine dinner, not dyspeptically, but with the soulful satisfaction that well-fed health enjoys when it waits on good digestion and appetite.

So deliciously memorable was the occasion that Mr. Bryan wrote back to his hosts that he had had such a good dinner that he would knock $150 off his regular price. Well, there's nothing green about those Virginia parties, either, so they sent Mr. Bryan a check for $350 and began to talk about establishing a hotel exclusively for Chautauqua talkers.

INSANITY AMONG NEGROES.

Annual Report of Dr. W. F. Drewry, Noted Alienist.

Richmond, Oct. 30.—That insanity among the negro population is increasing steadily is the declaration made in the annual report of Dr. William F. Drewry, superintendent of the Central State Hospital, Petersburg, which has been filed with Governor Mann. This alarming gain of mental deficiency Dr. Drewry ascribes to congenial disease and the bad habits of parents. The statement is backed up by figures furnished by the superintendent.

The report shows that on October 1 there were 1,556 insane negroes being cared for in the Central State Hospital. In 1912 the report gave 1,457 as the total number of inmates. Basing his statement on the record of years, Dr. Drewry estimates that more than 1,600 inmates will be sheltered in this hospital next year. He complains of the crowded condition of the hospital, and presents in urgent terms the need for immediate additions and repairs to the hospital building. Under existing circumstances, he says, it is impossible to give the inmates the proper care and treatment.

City Democratic Committee Makes Final Arrangements For Election

Plans for getting out a full vote election day, November 4, were discussed last night by the City Democratic committee, at an adjourned meeting held at the Hotel Rammel. Another meeting will be held Saturday night, when final plans will be made.

Charles Bendheim, chairman of the committee, and Messrs. R. T. Cook, secretary, Albert Bryan and Samuel P. Fisher were present. Mr. Cook read a letter from J. Taylor Ellyson, chairman of the State Committee, advising him to take the necessary steps to get out a full vote on election day. It was explained in the letter that the vote for governor in this election, under the party plan, will be the basis for representation in the next convention. About one hundred dollars will be required to obtain necessary help in connection with the election. Efforts will be made to have two men at each of the four wards in the city and also a carriage at each ward to convey voters to and from the polls.

Serious difficulty is being encountered by the electoral board of the city of Alexandria, which will have charge of the election to be held on next Tuesday, in securing judges to preside at the election. Three of the regular judges, Oscar Phillips, of the First ward, William Moore, of the First ward, and John G. Graham, of thethird ward, have resigned and there is a disinclination on the part of several others to serve.

The dissatisfaction on the part of the judges is the result of the decrease in pay by the state. Under the new law judges only receive $2 per day, and they are compelled to serve from sun up to sundown and after that for several hours in counting and tabulating the ballots. In the Democratic primaries, where the expenses are borne by the city democratic committee, the judges are paid $3 per day for their service.

The board will endeavor to persuade the judges to serve on Tuesday on account of the difficulty in securing substitutes, and may ask city of Alexandria, to allow the judges additional pay from the city. Similar action has bene taken in the city of Richmond where the judges receive $5 per day for their service.

NEWS OF THE OLD DOMINION

SPREAD OF HONOR SYSTEM.

Influence of University of Virginia is Widespread.

Charlottesville, Va., Oct. 30.—The honor system as employed at the University of Virginia as the fundamental basis of student government and conduct is being adopted, in whole or in part, in many schools and colleges all over the country. So great has been the demand for a statement of the principles of the system that a booklet is now being prepared, setting forth these principles and the methods of operation, for distributon among those who seek such information. Last year alone there were more than a hundred requests for information of this kind.

By means of the extension lecture courses the university has exerted and is exerting a notable influence in many different ways. The spread of the honor system shows how, in another sort of extension work, the university has made its influence felt, not only in Virginia but in nearly every state in the union.

Dr. Albert Lefevre, professor of philosophy, and D. Hiden Ramsey, Phelps-Stokes fellow, have delivered lectures on the honor system and helped to establish it as a working force at several schools and academies this session. Last year W. S. A. Pott traveled several hundred miles to explain its nature at a meeting in New England of teachers and directors of educational institutions.

This sort of thing has been going on for many years quietly, but effectively. It would be difficult to estimate the part that this practical spirit of honor has played in molding the characters of the thousands of students who have come to the university since the early forties. On the extension basis its influences will be even greater in the future.

BLOWS HIS HAND OFF.

Workman Hits Dynamite Cap With a Wrench.

Danville, Va., Oct. 30.—A distressing accident occurred Tuesday morning at Schoolfield, when G. L. Williams, of this city, who is in the employ of the Whitehall Electric Co., of New York, had his hand badly mutilated by the explosion of a dynamite cap.

Williams was at work on his bench hammering on some copper wire, when he brought his wrench down with great force on the cap that he was entirely ignorant of being anywhere near him at the time. The Whitehall Electric Company is wiring the cotton mills at Schoolfield, but they have no use for dyanmite, or dynamite caps, on this job and had supplied none to the workmen since they have been here.

Williams said that he had no idea how the cap came to be on the bench and the first knowledge he had of its proximity was when it exploded and blew his hand to pieces. He stated, however, that the foreman of the job said that the cap had been picked up and placed on the work bench by another one of the workmen but the injured man stated that there had been no hard feeings between him and any of the other workmen and it was probably an oversight on the part of the man who had put the cap where it would do so much damage.

GREEK SHOOTS HIMSELF.

Poor Health Drives Fruit Dealer to Suicide.

Newport News, Va., Oct. 30.—George Chryson, a Greek aged about 50 years, committed suicide yesterday in his room over his fruit store on Washington Avenue, by shooting himself through the head with a 32 calibre revolver. Death was almost instantaneous. Poor health was given as the cause of the act. Chryson was recently operated upon twice, and kidney trouble had since developed. Leaving a boy in charge of the store Chryson went to his room above the place, laid down across the bed and fired a bullet into his brain behind his right ear. He had lived in this city twenty years and was widely known as George, the fruit man, being one of the first Greeks to open a fruit stand here.

SHOOTS COLORED YOUTH.

Sends Four Bullets Into His Body Following Quarrel of Boys.

Christiansburg, Va., Oct. 30.—J. H. Smallwood a white foreman on Lane's construction force on the Virginian Railway, near Price, in Montgomery county, yesterday shot and mortally wounded Elijah Hoosier, a colored water boy, 16 years of age. Smallwood jumped on a passing freight and made his escape, while the wounded boy was carried to his home, a short distance away.

It is said that a dispute arose between Hoosier boy and another boy about carrying water, the former using profane language. Smallwood, without warning, drew his heavy revolver and fired four times into Hoosier, every shot taking deadly effect.

KILLS WOMAN AND SELF.

Admirer of Wytheville Citizens' Wife Enacts Double Tragedy.

Wytheville, Va., Oct. 30.—Mrs. Margaret Shaffer, was shot and instantly killed in her home here by Lee Jones, who committed suicide.

There had been strained relations, it is alleged, between Mrs. Shaffer and her husband, Frank Shaffer, caused by the attention of Jones to the former.

A reconciliation between them had taken place, and Shaffer had arranged to take his wife to Bristol today, where he had obtained work.

Jones went to the Shaffer home and fired two bullets into Mrs. Shaffer's side, in the presence of her mother. The murderer then went into another room, placed the pistol in his mouth and fired. He and his victim died almost instantly. Three children, the oldest 9 and the youngest 1 year old, survive the murdered woman.

Fredericksburg, Va., Oct. 30.—N. B. Pratt was immediately summoned, and after working on Mr. Kinsey for an hour, there were signs of life. He was taken to his home in an automobile. The affair is quite a mystery.

EFFORTS TO BRING OUT VOTE.

The members of the city Democratic committee at their meeting last night indirectly appealed to every Democratic voter to cast his ballot next Tuesday, notwithstanding the fact that the nominees of the party have a walkover. It has always been the desire of the committee to roll up a large vote at every election, and the efforts of the city committee to bring about this desideratum next week should meet with the encouragement deserved.

The State committee have ever manifested similar pride.

Confinement in a hospital in Richmond for the past three weeks does not prevent Lieutenant-Governor J Taylor Ellyson from keeping thoroughly posted as to the moves made on the political checkerboard of the state Mr. Ellyson underwent an operation three weeks ago. He has sufficiently recovered to be removed to his home and in talks with friends he is in a most cheerful mood and his discussion of politics shows that he was in close touch with the political situation in Virginia.

As is always the case with him he wants every Democrat to be in the ranks and answer the roll call next week.

Apathy is some times dangerous as certain chapters in Virginia history will show. The state in 1869 had rolled up a large majority for Gilbert C Walker for Governor over W. H Wells, the Republican nominee and snowed under representatives of the party for Congress and the Legislature in other sections of the Old Dominion. Three years later Virginia gave U. S. Grant, Republican candidate for president, her vote over Horace Greeley, Democratic nominee. The cause of this miscarriage was apathy.

In the political history of Alexandria apathy has at times produced its natural results. There is a saying among us,"Look out for the Buckingham Trick," which may not be understood by many now living. There score years or more ago, when a majority of voters of this city were of the whig persuasion, a candidate for mayor was nominated by that party, and the opponents of the organization being in a decidedly minority, no apparent movement was made for placing a candidate in the field. There was, however, a star chamber conclave and it was determined to run a tobacconist named Issac Buckingham, who had a factory at the northeast corner of Prince and Union streets. The fact was kept a secret by the "locofokers," as they were called until the morning of the election, when many members of the whig party "had gone fishing," and the organization was in no condition to gather strength. All locofokers voted, and when the ballots were counted at night Buckingham was found to be slightly in the lead, and, to the chagrin of the party which had long been in power, the locofoker took his seate as chief executive of the city. Hence the saying quoted above.

PATRONS' DAY TOMORROW.

The city superintendent of schools and the teachers have made preparations for the reception of parents, guardians and friends of the public schools who are invited to pay the same a visit tomorrow—Patrons' Day. It is hoped that as many as possible will avail themselves of the opportunity of inspecting the workings of the system in which the school board, superintendent and teachers are justly proud. Should there be a meagre attendance disappointment will be manifest.

While the appearance of the classes referred to will be encouraging to all conducting public education, the children will also be enthused by the appearance of their parents or guardians. In fact, it is a duty incumbent upon such to appear at the public schools occassionally.

It will take but a short time to make the visit, and after it shall have been done, doubtless all will feel more at ease when they realize that they have performed what should be a pleasant duty.

POLITICS IN FIRST DISTRICT.

Enabling Act is the Chief Issue in Senatorial Fight.

Bristol, Va., Oct. 30.—Intense interest has been aroused in the State senatorial fight in the First Senatorial District, composed of Bristol City, Washington and Smyth counties, on account of the fact that the enabling act has been made the chief issue.

B. F. Buchanan, of Smyth, the Democratic nominee, is opposed by L. P. Summers, Republican, of Abingdon, former collector of internal revenue and for many years chief lieutenant of Slemp's machine in the Ninth. Buchanan is pledged to vote for the enabling act and is receiving the support of the Virginia Anti-Saloon League, which has Dr. J. D. McAlister here campaigning for him. Summers says he recognizes the right of the people to vote on the question of Statewide prohibition, but he wants an election by the people to determine the question of whether there will be an election at a later date to decide the fate of the liquor traffic in Virginia.

Summers charged here this week that the late D. C. Summers, senator from this district, who died some months ago, and whose successor is to be elected next week, defeated ex-Senator A. T. Lincoln two years ago by the use of several thousand dolars of liquor money and that in the same election he used this money to defeat Alex Stuart, a cousin of Henry C. Stuart, who was the Democratic nominee for Circuit Court clerk of Washington county.

The Democrats are charging that Summers' present campaign is being financed by the liquor interests and have an affidavit concerning an alleged donation of $1,500 from Henrico county distillers. Summers bitterly denies the charge of accepting liquor money.

The Abingdon dispensary is a red hot issue. Summers is bitterly opposed to it and is charging that it has been the practice to take funds from the dispensary and use them to defeat the "dry" people in elections.

Summers is opposed by Senator A. T. Lincoln, of Smyth county, because he refused to accept a platform pledging him to support the enabling act. Summers charges that he elected Lincoln to the State every time he was elected and says he is guilty of base ingratitude.

P. J. Davenport, of Washington, county, former Republican district chairman of the Ninth District, who is circuit court clerk of Washington county, is opposing Summers because the latter says, he (Summers) is opposed to the continuation of the fee system in Virginia. Summers claims that he gave Davenport every political job he ever had and that he is also guilty of base ingratitude.

The liquor interests of Bristol are supporting Summers and opposed to Buchanan on account of the enabling act.

DECISION NOT ANNOUNCED.

Supreme Court Takes no Action in Virginia-West Virginia Case.

Washington, Oct. 30.—Although it was expected that the Supreme Court of the United States would yesterday announce its decision on the motion recently filed by Attorney-General Samuel W. Williams to have the court render a "final decree" in the Virginia-West Virginia debt case, no such announcement was forthcoming. It is likely that something definite will be known next Monday.

HELPLESS AS BABY

Down in Mind Unable to Work and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Words of Praise
For *Mayr's* Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your Wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. T. A. Neall, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of *Mayr's Wonderful Stomach Remedy*. Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal secretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. *Mayr's Wonderful Stomach Remedy* painlessly removes these accretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about *Mayr's Wonderful Stomach Remedy* or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

MATCHLESS INDEED
is the electric light in more ways than one. In the first place it is the most brilliant and sunlike light known to man. In the next place no matches are required, just a turn of a button or a pull of a chain. It is the light of power, safety and convenience. Its use means more comfort and less labor.

Militant suffragettes yesterday morning burned Till House, a fine residence at Bramshott, England, belonging to T. McKenna, a brother of Home Secretary Reginald McKenna.

NEWS OF THE DAY.

Miss Emma Pumphrey, 17 years old, and George Mueller, 22 years old, both of Washington, were probably fatally injured at 1 o'clock this morning when the automobile in which they and another young couple were riding plunged from a bridge, on the Queen Chapel Road, a quarter of a mile beyond the Rams Horn Inn, in Maryland. The other occupants of the car were Joel Henderson, 25 years old, son of the well-known Washington cigar man, of that name, and Miss Lillian Burgess, of Warrenton, Va. who has been visiting in Washington. They, too, were seriously injured.

Benj. F. Keith, multi-millionaire theatrical magnate, owner of Keith's theatre, was married at 6 last exening on board his palatial yacht, the Nahmeyoka, at the seventh street wharf, Washington,to Miss Ethel Bird Chase, daughter of P. B. Chase, of Washington, and Sparta, O., and former owner of Chase's Theatre—now Keith's. The wedding of Mr. Keith and Miss Chase came two hours after the wedding of her brother, Harold Beverly Chase, to Miss Ruth Caroline Cohen, eldest daughter of Mr. and Mrs. Myer Cohen. The ceremony took place at the home of Mr. and Mrs. Cohen, in Washington.

Fifty-four deaths from drowning were reported yesterday at San Salvador, from districts of the republic of Salvador inundated as a sequel to a rainfall of unprecedented severity, lasting throughout Monday and Tuesday. Complete reports, it is believed, will greatly augment the list of dead. The village of Vera Paz, near San Vivente, is reported destroyed, with all its inhabitants.

The 89-year-old wife of Ernest McCoy, a farmer, was found dead from revolver bullets in the parlor of their house at Pelham, N. H., Tuesday night. McCoy made an unsuccessful attempt to end his own life by shooting, just as his three daughters arrived hurriedly in response to letters he had written to them saying he was about to commit suicide. He was placed under arrest on a charge of murder. It is expected he will recover.

Miss Catherine Ferrell, of Brooklyn; Anna Lally, of Washington, and Josephine Murphy, also of Washington, who arrived at Havana yesterday morning on the Ward liner Halamo, were temporarily detained by the Cuban secret police, who had been informed by wireless that they were present when two diamond rings the property of a Spanish woman passenger, vanished. Despite their indignation, the stateroom of the three young women and the other passengers were searched and afterward their clothing, but the rings were not found.

October temperature records of 20 years were broken in Missouri, Kansas and Oklahoma and equalled in Texas, when the thermometer yesterday showed readings ranging from 10 degrees above zero at Concordia and Didge City, Kan., and 30 degrees at Dallas and Abeline, Tex. Coming on the heels of snow and sleet storms driven by a biting wind, the drop in temperature caused great suffering to live stock. Snow covered all of Kansas and parts of Oklahoma and Missouri. The heaviest fall recorded was 2 1-2 inches here.

Miss Harriet Vernon, twenty-five years old and an artist's model, was found strangled to death yesterday in Los Angeles, Cal., in a room in the Mission apartments where she had registered with W. Wilson, of Santa Barbora, a few days ago. Miss Vernon was lying fully dressed across the bed. Wilson cannot be found.

Seeks Limited Divorce.

Alleging cruelty, drunkenness, an insufficient support, Mrs. Nina Lesh Cowsill yesterday filed suit in Washington for a limited divorce from Harry Stanley Cowsill. They were married in Alexandria, June 30, 1906, and have one child, whose custody as well as permanent alimony is demanded by the plaintiff.

Clarence H. Mackay, caused his wife Mrs. Katherine D. Mackay, to be served with papers in a court action last Saturday at the Hotel Plaza, New York.

Enraged with jealousy, Dorsey Kelly, 24 years old, of Frederck, Md., yesterday morning shot and killed Miss Mary Fleming, aged 17, with whom he was in love, and then killed himself. Kelly was employed by Miss Fleming's father, Samuel T. Fleming, a farmer, on the Baltimore pike, near Bartholow's. For some time past he had been attentive to the girl and it was rumored that they were engaged to be married. It was said that he was jealous of her,and it is reported that at one time he made threats to others,who sought Miss Fleming's company.

Do You Need any Advice From a Printer?

If you are a business man there are lots of matters that come before you in the Printers' line that need attention. Possibly you want to send out a letter soliciting trade.

Again, you may want to prepare an attractive circular setting forth the advantages of the lines of goods you have for sale. And still again you may have a line of goods that you feel sure the public would buy if they only appreciated the advantages of your particular line.

You know that you want these things and at the same time you feel that you cannot spare the time to study out just what you wish to say. We know this because a lot of business men in Alexandria have told us so.

The next time this happens to be the case with you, Telephone the BARRETT PRESS and a member of the firm will call to see you and help you out on the matter. Our many years of experience is at your service. Do not hesitate to do this, because that is our business.

MANY PERISH AT SEA.

Attempts Made to Reach Men Seen Clinging to Doomed Craft Prove Futile.

Casablance, Oct. 30.—Many persons were reported dead today in four disastrous wrecks on the Morocco coast, due to a terrific storm that raged all night. As high seas continued today, it was impossible to get an estmaite of the dead and injured.

The Greek steamer Missonlngi and the German vessel Martini were destroyed during the night and all hands were believed lost. The Spanish steamer Lyria and the French Carabelle were pounding to pieces on the rocks today. Perhaps some among their crews and passengers escaped.

The sea was so rough today that it was impossible for rescuers to get near any of the stricken ships. Men could be seen clinging to the riggings of the fast breaking up French and Spanish steamers. Many attempts were made to get to them with boats, but they were futile.

The gale was one of the most serious ever seen off the coast of Morocco and many ships were blown from their courses.

Railroad Man Seps From Path of Train Before Engine.

Havre de Grace, Md., Oct. 30.—George Martel, 60 years old, a gatekeeper at the Middle River railroad bridge, was struck by a shifting engine Tuesday night and killed as he stepped from the north-bound track out of the way of an express train. His wife was killed in a similar manner and near the same place about three weeks ago. While living at Edgewood, Hartford county, a son fell from a chestnut tree and was killed.

STILL DESTROYED.

Three Operators Manage to Elude The Officers.

Richmond, Va., Oct. 30.—Reports were received yesterday by Col. W. H. Chapman from Special Employes H. L. Foard and H. N. Richards, of the internal revenue service, of a raid made Sunday near Motley, in which a still, found in operation, was destroyed.

Three men operating the plant, making corn whiskey by the continuous process, made their getaway though the revenue men and their possemen gave chase.

On information received early Sunday Foard and Richards set out from Alta Vista that morning. They watched the still for a time and saw three men working, but before they could swoop down upon them the operators fled.

THREE TAKEN FROM FAMILY.

Mother and Two Children Die in Richmond.

Richmond, Va., Oct. 30.—Two little bodies, victims of diphtheria, the same disease which carried off their mother, were laid beside that of their parent in Oakwood cemetery this morning, and Charles M. Rests Well and Improvement is Expected Now.

Washington, Oct. 30.—Representative William A. Jones is reported to be resting easily following an operation performed Sunday afternoon at the Episcopal Eye, Ear and Throat Hospital for the removal of his tonsils.

Numerous cases were cited to show that the removal of the tonsils has a generally beneficial effect in cases of trithritis and muscular rheumatism, from which Mr. Jones has been suffering for several months. It is hoped he will be able to leave the hospital in about a week.

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it.

He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.

Pennsylvanian Mysteriously Beaten to Death, and Man Gone.

Kane, Pa., Oct. 30.—William Wagner, aged 38 years, one of the best known residents of Bethula, a small lumbering town near here, was found early yesterday morning in a serious condition, having been beaten on the head and body with a large wooden club, which laid alongside his senseless body when found in the rear of the home of Ben Prouty, next door.

Wagner was picked up and hurried home; but he died shortly after his arrival, never regaining consciousness. It was thought that the murder was committed by a fellow who has disappeared.

RAPS MINISTERS.

Leading Pastors Eager to go to School Again.

The gospel of "Back to the Bible" was preached to the ministers of the Inter-Church Federation and to its lay members in Baltimore, Monday by Rev. Dr. Gilbert W. White, president of the Bible Teachers' Training School of New York, at luncheon in the Chancery Inn.

Dr. White drilled into his hearers the necessity of laying asde all commentaries and expositories—what others said or thought—and getting to the actuality of the Bible itself—what is actually in each book, where the things in each book are, why they are there and why they are where they are.

The modern clergyman, declared Dr. White, is tending to professionalism, is spending too much time in keeping abreast of the times instead of devoting with all the intensity of his nature, his time and ability to the study and preaching of and carrying out the instructions of the Bible itself. He further said:

"There is a great deal of superficial Christianity, even among you ministers, and I believe it is the result of superficial knowledge of the Bible. You ministers are responsible for it. And you entres of training your seminaries, are responsible for you. There must be a revolution in Bible teaching and training."
